Racing Updates

Thank you to everyone who took the time to complete the racing survey. We received feedback that the members wanted more information about races and upcoming events. I will try to send out racing news all together the first week of the month so that there are regular updates about racing and it is all in one place.

January brings the second installment of our speaker series. Representatives from the Shark. Wednesday, Sunday, Single/Doublehanded and DF65 (RC boat) fleets will each share a brief description of the fleet followed by time for questions. All are welcome especially those new to racing or interested in learning more about getting involved. See you January 24th. The bar opens at 6:30, speakers at 7.

A few people have suggested reviving some of the trophies in the trophy case. If anyone is interested in inventorying the trophies and making suggestions about their use let me know. (Note: we will contact donors/families before using any trophies)

We are working with PHYC to create a race schedule that will offer a variety of races. I hope to share the full schedule and registration information early in February.

Registration information

Coming soon!
